

TODAY FOR TOMORROW

World's Leading Brand of Sustainable
Window and Door Systems

With over 125 years of a rich legacy, Kömmerring, the brand of profine GmbH, is a global player and one of the world's best known and leading manufacturers of uPVC profiles for windows and doors. As one of the leading industry brand, Kömmerring products are being supplied to more than 100 countries. Made with German precision, Kömmerring has been the flag bearer for upscaling the quality standards and introducing new dimensions to the Indian fenestration industry. profine India, the 100% owned subsidiary of profine GmbH, has been manufacturing and supplying the wide range of Kömmerring systems across India through a strong network of exclusive channel partners. To make the supply chain easy and effective, profine India has established a modern state-of-the-art facility, equipped with the most advanced machinery and tools at Vadodara, Gujarat.

Sustainability - Making a Difference

Kömmerring is synonymous with sustainability and committed to deliver quality products by adopting best possible ways to protect the environment. All Kömmerring profiles have been produced with eco-friendly material having zero carbon footprints and are 100% recyclable.

Our Values Towards Quality & Innovation

We consider the future in every decision we make, while combining all our experience, expertise and innovative power to reach new heights of quality and excellence. We are committed to continuous research in the fields of uPVC and window technology. We maximize benefits by using new-style materials for developing systems of high efficiency with technically advanced designs, which gives a refreshing outlook to fenestration world.

The brand that creates
AN IMPECCABLE MARK

Koemmerling: Quality, Durability, Innovation

Innovation, style and flexibility are the key factors that define the Koemmerling window and door systems. German engineering is known for its precision and attention to detail, and this is reflected in Koemmerling systems. The sustainable materials used are of the highest quality to withstand all weather conditions. With a wide variety of styles and designs to choose from, you can be sure to find a product that suits individual building aesthetics and complements its architecture that truly is a game-changer in the world of home design and construction.

Focus on Aesthetics

Koemmerling offers a variety of lamination shades to meet individual choices and preferences. One can combine these high-quality surface structures with their unique taste and style for windows and doors that are also meant to blend in with the interiors or exteriors. These lamination surfaces are weather and UV-resistant, environment-friendly, scratch-resistant, maintain color and gloss, and require very little maintenance for many years.
